Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Wednesday 28 Jul 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Sunny spells and showers continuing, with a persistent breeze.

This Evening and Tonight:
Showers clearing through the evening, becoming very isolated, locally heavy. Clear night ahead for most with some patchy cloud lingering in coastal locations. Feeling fresher and breezier than of late. Minimum temperature 11 deg C (52 deg F).

Thursday:
Starting off largely dry, plenty of sunny spells, isolated shower possible. Becoming cloudier in the afternoon as band of persistent rain moves northward. Strong winds with the possibility of gales. Maximum temperature 21 deg C (70 deg F).

Outlook for Friday to Sunday:
Rain continuing into Friday, becoming more widespread and heavier with strong to gale-force winds possible. More isolated showers Saturday and drier Sunday, plenty of sunny spells. Feeling cooler and fresher.
